

RISCHIO IPERTENSIVO ED ENDOCRINOLOGIA NEUROVASCOLARE

Laura Sabatino

Un approccio fisiologico in sostegno della terapia farmacologica anti-ipertensiva

È possibile ?

Come procedere?

ORIGINAL ARTICLE

Effects of Mandibular Extension on Cerebral Arterial Blood Flow and Glucocorticoid Levels in Hypertensive Rats

Dominga Lapi¹, Maurizio Vignati¹, Giuseppe Federighi⁴, Cristina Del Seppia¹

Evidence in the human of a hypotensive and a bradycardic effect after mouth opening maintained for 10 min

Cristina Del Seppia¹ · Sergio Ghione² · Paola Foresi¹ · Dominga Lapi³ · Enza Fommei² · Antonio Colantuoni³ · Rossana Scuri⁴

ORIGINAL RESEARCH
